

Daftar Pustaka

- Anonim., *Low Voltage Expert Guides No. 6, Capacitor Bank Protection.*, France., Schneider Electric., 2000.
- Berahim H., *Pengantar Teknik Tenaga Listrik.*, Yogyakarta., Andi Offset., 1991.
- Cekdin C., *Sistem Tenaga Listrik.*, Yogyakarta., Andi Offset., 2007.
- Chapman J S., “*Electric Machinery Fundamentals 4th ed*”, Mc Graw Hill Book Company., 2005.
- Das Debapriya., *Electrical Power System.* New Delhi., New Age International (P) Ltd Publishers., 2006.
- D C Roger., M.F Mark, S Santoso, Beaty Wayne., *Electrical Power Systems Quality*, McGraw-Hill, 2004.
- Fardo W Stephen, Patrick R Dale., *Electrical Power Systems Technology 3th ed.*, United States of America. The Fairmont Press, Inc., 2009
- Fuchs F Ewald., Muhammad., *Power Quality in Power System and Electrical Machines.*, New York., Elsevier Academic Press. 2008
- Glover D J., Sarma S. M., Overbye J. T., *Power System Analysis and Design 4th.*, Thomson Corp., 2008
- Gonen Turan., *Electric Power Distribution System Engineering.*, United State of America., McGraw-Hill., 1986
- Grady W M., Samotyj, M. J., and Noyola, A. H., *The Application of Network Objective Function for Minimizing The Impact of Voltage Harmonics in Power System.*, IEEE Trans. On Power Delivery, vol 7. No 3, pp. 1379-1385
- Grainger J J., Stevenson. William D, JR., *Power System Analysis.*, New York., McGraw-Hill Book Company., 1994
- H Saadat., *Power System Analysis.*, New Delhi., McGraw-Hill Book Company., 2002
- Joha P., Tapani J., Valeria H., Hana N., *Design of Rotating Electrical Machines.*, New Delhi., John Wiley & Sons, Ltd., 2008
- Kock De J., Strauss Cobus., *Practical Power Distribution for Industry.*, Netherlands., Elsevier., 2004

- Kustanto, Januarius Onny., *Simulation And Analysis Distributed Generation Placement to Improve Voltage Profile And Losses Minimization in Distribution System ITS Feeder Under Fault*, Surabaya, Undergraduate Theses Electrical Engineering ITS library., 2009
- Mustafa A., *Modern Power Distribution Systems for Utilities*. Abu Dhabi., Haward Technology Middle East., 2006.
- Pansini J Anthony., *Electrical Distribution Engineering 3th ed.*, United States of America. The Fairmont Press, Inc., 2007
- Pansini J Anthony., *Guide To Electrical Power Distribution Systems*. United States of America. The Fairmont Press, Inc., 2005
- Raj Vimal D Ajay P. *et al.*, *Optimization of Distributed Generation Capacity for Line Loss Reduction and Voltage Profile Improvement Using PSO.*, Malaysia., Faculty of Electrical Engineering Universiti Teknologi Malaysia., 2008
- Ramakumar R., Barnett, A.M., Kazmerski, L.L., Benner, J.P., Coutts, T.J. “*Power Systems and Generation*” *The Electrical Engineering Handbook.*, Ed. Richard C. Dorf Boca Raton: CRC Press LLC, 2000
- Waseem Irfan. *et al.*, *Impacts of Distributed Generation on the Residential Distribution Network Operation.*, Virginia., Virginia Polytechnic Institute and State University., 2008
- Wildi Theodore., *Electrical Machines, Drive, and Power System.*, New Jersey., Prentice Hall., 2002
- Winders John J Jr., *Power Transformers Principles and Applications.*, New York., Marcel Dekker, Inc., 2002
