He are come from a so poor regency. He very exciting and he has a wonderful dream. I thought, someone should had a dream. And I realized dream someone will bring he/she got success.

My experience in Student's Orientation Program brought me into a better person. And we were grateful with the program.
Three months ago, at August 28th 2014, was the second my experience in the UMS after Marla. It was PPA (Program Pendidikan Akademik). In the PPA, I met very many friends. The head of university said that the total of new students were 6,666 people.

In the first day of PPA, I went to the campus early morning on foot from my boarding home. This was a struggle. I ask much knowledges about UMS, especially my department English Education. It happened for 3 days.

When the teaching happened indoor, it was a bored moment. Because the event made us sleepy. But it was a sweet moment.

Three months ago, in my new campus, I was join in PPA. Many students or all of students joined with it. My experience in PPA is I got up early morning at 4 am and then I went to campus at 5 am. I went to campus on foot from my boarding house, and then in PPA all students brought snack, rice and bread.

Three days in PPA I studied about discipline time. PPA made me know about campus.
First Experience in my Campus

Hello guys, I will tell about my Student's Orientation Program. I remember that 3 months ago I became a new student at UMS.

Everyday I woke up at 4 a.m. and I drove a motorcycle with my twin sister. I felt very lazy because I must prepare all about Orientation and it made me very tired.

But, I'm felt happy because I can introduce to myself about my new world in my campus.

In the first day, I brought a cocard for trip and to make the cocard, I need cardboard, carton, board maker, scissors, ruler, etc. And it make me crazy. Hehehe.

It is all from me. This is my story in Student's Orientation Program.
Unforgettable Moment in PPA

Last month, my friends and I followed PPA. PPA took place at south of auditorium. There were many freshmen gathered at there. Honestly, I got bored to follow PPA because I had to get up early to go to campus and then PPA ended at 18.00 pm and I really got sick of it! But I think there were many unforgettable moments. I enjoyed in the end because first we got shocked because PB Team made a shock therapy and I think many freshmen got angry at Team PB but they were silent but in the end we could get real high. We danced together and sang together. We screamed loudly to remove our boredom. It was an unforgettable moment for me.

I was sleepy, because the activity only sitting and listening the materials from the teller. And sometime I be breaking to less sleepy.
Three months ago, we did the Student’s Orientation Program (PPA) at South building of Auditorium. That program was my favorite than masta because more easy and fun. I got some new friends from it. A lot of lessons the value of these activity.

We were divided into several categories groups to did the job of committee. The task was medium for me, but we were did it together. The Student’s Orientation Program was began at 07.00 am and ended at 05.30 pm. But there are many activity who made me lazy, it’s commanded from PB teams. The voiced from PB teams was screamed loudly. Finally, we could did the task as correctly. We were very happy about that program.

Unforgettable Moment in Student's Orientation Program (PPA)

5 Months ago, when I was a new student in the Department of English Education at Muhammadiah Surakarta, I was part of the Student's Orientation Program (PPA). It was very unforgettable because there I found some new experiences.

In the second day, there were some exercises for all new students. One of the most unforgettable moments is when we had to find a snack, but the committee just said we had to find "snack Madura." My friend and I were very confused because we had never heard of a snack called "snack Madura." Finally, when we searched for information on the internet, we realized that there was such a snack. We were very surprised that the purpose of snack Madura is to help people in Madura.

In the next day, we took Taro and we were very happy because that's the right snack. It was very unforgettable. I was felt happy but very tired.

Once upon a time, PPA had started. It was hard and tedious. I was the first to arrive, and I had to sign in and wear a uniform. I was very angry to have to wear the uniform.

All of the students were there in order to make friends and find a group. I thought my group didn’t exist, but eventually I got along with everyone and followed PPA guidelines.

PPA was a good experience. It helped me learn discipline.

Mysterious Friend

At the beautiful morning, something weird was happen. Firstly, I woke up late. Secondly, I left my co-card and with my friend, I were punished. Oh my goodness, this terrible day ever I had. My senior asked we to take a bag. Start from there, my feeling was weird. But I was wrong, because my senior just give some advice for us. After that, she asked us to back and join with other PPA participant. All of my friend was ranked rapidly. In a hurry, my friend and I join in rank and rated. The atmosphere froze. No sound, no vote, just the sound of leaf that fall down and winter. After the rainfress, the Mr. Kki broken the atmosphere. Soon, the crowd goes up. In the crowd, I meet someone that makes me felt so unfamiliar. She was beautiful, cheerful, smart, and finally I remember something. She was like my friend that broken school when I in high school.
Unforgettable Moment in the PPA

Last month when I followed the student’s orientation program (PPA). In that time, I came late. I feel confused because I didn't know my class. I try a question of friends than I did not yet. There were answers my question. There were some people answer my question.

Until I meet some people that now as my friends. I can join class. They are very funny, warm, and kind. They often making me laugh and we often kid together. We make yell and sing the song together.

I feel happy and there is a phrase that "If we did not know someone well, we would not love that someone too."
My Experience In PPA

Three months ago, my new campus held an event the event name is PPA (Student’s Orientation Program). My first day in PPA was not yet to get a dress code because I came late and I was the last student in line. So my dress code limited equipment. After that, I got punishment from Officer program. But I got a new friend.

The activity learned us about solidarity and learn everything. I loved PPA because the event very impressed in my life. But there are many activity who made me lazy, it’s PBB (Penjuru bansen) because they voiced very loudly.

Finally, we feel happy after followed the program PPA and I think PPA is my favorite program in my campus.
One year ago, I was continued my study from Vocational high school to Muhammadiyah University of Surakarta. New student is obligated to join student's orientation program (PPA). There are so many unforgettable moments in PPA started from when I came in front of Gate of UMS. There are so many boys and girls who have random face. Suddenly, they are angry and said, Hey! Go go go! Don't be late anymore! It was so awkward moment.

Then I made one group to made 3 things from rizone bottle, consist of 5 student, then we made it in Dwipa's boarding house. Student's Orientation Program (PPA) made so many great moments, but I can't write it in this paper, and from PPA we known each other until now.
Last year, for the first time, at college, we joined University Its student's orientation program (PPA). In that program, we have two get up early morning, at five o'clock and we must bring the kind of food. There is bread and kebab, beverage. At campus, we have make line in field. There are many official at PPA, head instructor, who snap at with us. It was so awkward moment, at the field, we must run around the field, if we make a mistake.

Students' orientation program made so many great moment but it's so dirty, in my head and from PPA, we known each other and much experience.
Last year, first time at the college was event

Regret in the Early Semester

Beginning the lecture in Muhammadiyah University of Surakarta, I as the new student have to follow the Student’s Orientation Program like Masta (Masa Tawas) and PPA (Program Pengenalan Akademik). Masta would be held in three days, and PPA in 4 days.

I could follow Masta program completely, but I couldn’t follow PPA program completely. Because the first day, PPA I had to join examination in another place, and the second and third day I was sick. So, I just can’t follow PPA program in the last day.

Fortunately, I had the letter from doctor not to follow PPA program, so I must not follow PPA program in the next year. Because who not follow PPA program have to follow PPA next year.
When the first time of PPA I have an unforgettable moment. At the time, I went to campus at 5:20 a.m., I walked slowly. But suddenly, I heard some voice that very noisy. I didn't know what happen there. Then everybody run. I still confused with that. And that voice were loud. I run, because I afraid and confuse. Then after that, when I arrived in the yard where all of the new student gather. Many people in black came with the instinct face. I'm so appraise. They called KORLAP. They always speak loudly, they are very vicious. They never smile. It's more like a stranger. But when the closing of PPA, all of KORLAP give their smile for all the student. And when they smile, they look so handsome and beauty. They very different.
When I was in the first time to the Student's Orientation Program (PPA) at Muhammadiyah University of Surakarta, I started my day with a smile. The programme was held in the Student's Orientation Program. We had to wear a white shirt, black shoes, and a black skirt. The shirt must have type of principal.

The first time I was there, the opening ceremony was held at the field of Muhammadiyah University, Surakarta. After that, we were told to go to the police station.

At the police station, the head of the police, Mr. Hidayat, was verygetIndex and took the opportunity to talk to us. The police were very nice, and they gave us a warm welcome. We were informed about the rules and regulations of the university.

At the Student's Orientation Program, we could add many more friends. But, at there, I couldn't find some people. On that day, my friends were near with me. Everyday was different because of their I couldn't have many friends at the Student Orientation Program.

When I entered the university, I joined student’s Orientation program (PPA). It was a rule that every new students in Muhammadiyah University of Surakarta should join this event.

I woke up in the morning, prepared everything I need in the night before I slept. I woke up at 9 a.m then went to campus at 5 a.m. I would get a punishment if I came late.

We gathered in the yard near auditorium then we entered the class for some explanations in order to know everything we needed to know about academic.

During the explanation, I felt slept and sometimes I fallen asleep on the chair. I thought it was going to bear in the class all day.
Unforgettable Moment in the Student's Orientation Program (PPA)

Before I studied in Muhammadiyah University of Surakarta, I joined with Student's Orientation Program or PPA. It was an exciting moment when you studied in university, you must join it.

Just new students of university must register to join Student's Orientation Program. Then, there were technical meetings for that program. Student's Orientation Program divided into two groups. I entered the first group. In technical meeting, they gave information about what to do, what to bring, what you use cloth and etc.

Then, PPA came up. We must go to campus at 6 a.m. I went from my boarding house in Lemusir, it just 10 minutes from campus so I went to campus at 5:30 a.m. I bring some materials for PPA, I didn't know why I must bring it but I prepared it the night before. I used white cloth and black pant.

In Student's Orientation Program we showed by Kodap. It was bored to be shouted by someone else, but we must through it for 3 days later. Oh, it was unforgettable moment.

"Unforgettable Moment in the Student's Orientation Program (PPA)"

When I had a student's orientation program (PPA) in Pt. Muhammad University, there was a moment that remains in my life. There was a student who slept in the class until the class ended. It was so funny when he was so sleepy and many friends around him were laughing until they cried. He still slept until he opened his mouth. Oh my God! It was so funny and the senior took his photo and the class was very crowded and they laughed together. Finally, he was woken up and confused about what happened and he was so shy about what happened.

Perhaps it was so sleepy, he closed his eyes so hard and he was sleepy until he opened his mouth. I was aware he was so sleepy too, and I was playing the game on my phone. It could have helped him for not being sleepy. When the course happened, and it could happen. The course was so bored, and I wished could be ended right now.

**Unforgettable Moment in the Student's Orientation Program (PPA)**

When we were before the official welcome at Muhammadiyah University of Surakarta, we must follow the Student's Orientation Program (PPA). I feel glad for the PPA because we were treated like small children. I had to wake up at 6:20 am for PPA. When I arrived at college, I have held maps from Karlap. We must carry identification in the chest and wearing pony loafers, show, long-sleeve white shirt and black trousers formal such as sales. We were told to line up straight when in our ranks is already straight.
When I had Student's Orientation Program (PPA) in Muhammadiyah University of Surakarta a year ago, I got many experiences. Actually, I'm not typically a person who will start conversations with a person for the first time. In Student's Orientation Program (PPA), I got many new friends, they were very friendly, and I felt comfortable with them at that time. They invited me to lunch together and we went everywhere together. In my opinion, Student's Orientation Program in this university was boring because there was so many bad treats that made me could not enjoy this activity, such as there was many person wear black cloth who always scream at me all the time even though we did not do any mistakes. Honestly, I felt that it was very important thing, really. There was a big question in my mind, why did they do this? Is this campus or military? Well, I still did not understand. I thought Student's Orientation Program should be fun, but I did not get it in this PPA. I felt so bored and the time like stopped and run very slowly. Well, I got many friends from this activity but personally I could not enjoy this Orientation Program.
The first time I went to UMS, there are two activities. One is PPA and one is APA. Each campus must have student's Orientation activities. And in the name of UMS is PPA. PPA was held for a day. And everyone must be assembled at 9:00 a.m. When late will be punished by the operatives (torlap), they wear all black and never smiled at anyone. They just snapped. When PPA wear white clothes thick, long black skirt, and blouse. The first time I wear a skirt and shoe was slipped when I off the bike. And have to run up my leg bruises.

Every morning should come together in the south of the auditorium to check completeness. Not allowed to wear a brooch and should not have long nails. And when in class, there is always a material that always makes me sleepy, boring show, and I do not have any friends. My friends was just Pong. Each was told to gather always, suddenly by the torlap. I often punished for my lateness.

Time to buy bought a meal to be queued, and sometimes I do not get it. Finally, I was staying until the afternoon, and every go home.

I always stopped at the nearest shop and are alone.
I had a fillinear experience in the Student's Orientation.

The story began when I went to campus for the first time.

There had been a lot of rules, such as we had to wear a white shirt, black skirt, white veil, and a patterned skirt.

When I went to campus, I walked from my boarding house to the campus. Then, when I arrived at the crossroad, I crossed. Someone found in the park and they became dirty. I walked away to the front of campus to buy a new pair of shoes.

But, when I had looked through one store that I liked, I paid for it. Suddenly, my wallet were gone.

It made me so shy because I can't buy new shoes. I prepared to wear my dirty shoes to follow the Student's Orientation. But, when I arrived at campus, I went to the toilet before to clean my shoes. When I cleaned it, Karon arrived at there. He screamed me and makes me so scary.

I think that day was fillinear day that I had.
Two years ago, I had unforgettable moment in the student's orientation program (PPA). There I found a lot of new friends. But I got different friends everyday and when I was in the big class, my friend was gone. I couldn't find them before I had to sit alone and the beside me was stranger, I couldn't be mixed with them. They void me and I didn't like that. I hate to them, but when class distribution, they were my classmate. how unfortunately me, but I had to obey the rule. In the class I always pay attention with them, but when I knew them apparently. They was not too bad and now they be my best friend.
