

APPENDIX
SUMMARY
LES MISERABLES

The novel written by Victor Hugo. The novel was published in 1862 in France. The story told about Jean Valjean who was released from the jail, and through the kindness of Father Myriel, became a new man. He got a new name via association with Myriel and his clear kindness and generosity to others and gradually built a successful and prosperous life for himself with a renovation of the jet-work industry in Montreuil-surmer. One of his employees was although unknown to him-fired by the head mistress because of an illegitimate baby. Fantine went from one job to the other, finally she became a prostitute. From prostitute Fantine was in extremely poor health, however, and she was died without ever looking her child again, even though Valjean had promised to get the child. After, retrieved Cosette from the evil Thenardiers whom Fantine had trusted to take care of the child. It began with 10 years of hiding, moved from place to place, stayed ahead of Javert. Seven or eight happy years were spending in a convent where Valjean worked with the gardener and Cosette attended the school for girls. Someday Cosette have met Marius. Marius was a college student who has been raised by his

grandfather after the old man had disowned his son-in-law for supporting Napoleon. Then, Cosette and Marius fell in love.

In Paris, some issues such as politics, work, and various unsatisfactory conditions were gradually bringing a faction of workers and college students to the point of rebel. An insurrection took place; Marius joined in hoping to die since he would not be able to have Cosette. Valjean joined the insurrection because he believed he was losing Cosette's love and because, although he hated him bitterly, he intended to try to protect Marius for Cosette. When the barricades were finally overtaken, Valjean helped Marius and escaped through the city sewers. Marius was unconscious and did not know who rescued him. When his health returns, he insisted once again on marrying Cosette, and this time the grandfather relents. Old wounds were at least partially healed. As Javert was also dead, it would seem that Cosette, Valjean, Marius and his grandfather could all form one happy family. Cosette and Marius married, but Valjean revealed the truth of himself to Marius who gradually banished him from even seeing Cosette.
