MOTTO

- Use your youth as good as possible.
- Do the best and pray. God will take care of the rest.
- Better to feel how hard education is at this time rather than feel the bitterness of stupidity, later.
- Patience is needed when you want to achieve a success.
- An action is the foundation of a success.
- Intelligence is not the determinant of success, but hard work is the real determinant of your success.
- The intelligent people can lose because of the tenacity of the fools.
- Stop underestimating yourself.

This study is purpose to reveal how Rebellion reflected in The Hunger Games trilogy novel. The objectives of this study are to analyze rebellion based on Marxist Approach and to analyze rebellion according to The Hunger Games Trilogy (2008 -2010) novel by Suzanne Collins. The writer employs qualitative research. The writer uses two data sources: primary and secondary. The primary data source is about the novel itself. Then the secondary data are taken from other sources which are related to the primary data such as the literary books, dictionary, some articles related to the novel and website about the Hunger Games trilogy novel. The technique of data collection is library research. The technique of analyzing data is descriptive qualitative. Based on Marxist analysis, it allowed Katniss, the symbols of revolution, to be seen and admired by all the Districts. Her appearance as a Mockingjay in the Hunger Games began would have been inspirational to all the fighters in the Districts. It sent the message even though she
couldn’t avoid the games and couldn’t avoid another fight. In a larger conflict the rebels may be recognized as belligerents without their government being recognized by the established government, in which case the conflict becomes a civil war.
