ABSTRACT

The study aims at: 1) Describing the problems faced by English teachers in the online learning process during Covid-19 at SMP N 2 Kedunggalar, and 3) Describing solution to the problems in teaching English Online during the Covid-19 pandemic at SMP N 2 Kedunggalar. This research is descriptive qualitative research. The object of this research is the problems faced by English teachers at SMP N 2 Kedunggalar in online teaching English online and teachers' solutions in online English teaching at SMP N 2 Kedunggalar. In collecting the data the researcher used interviews, observation and document analysis. The data validity technique used is triangulation. In this study, the data analysis employed by the researcher is interactive analysis. The procedures used are data reduction, data display, and conclusion/verification. The results of this study showed that the media used by the teacher were WhatsApp and Google Classroom. The reason was that the media were considered more practical and efficient. The problems faced by English teachers in teaching English online during the Covid-19 Pandemic at SMP N 2 Kedunggalar were difficulties in students' internet access and many students did not respond. Based on the research results, the solution to the problem faced is to provide an extension of the time for sending assignments and if students have difficulty accessing the internet, students are allowed to collect at school. For students who do not respond, the teacher takes the initiative to contact personally, if this method is deemed insufficient then the teacher tries to contact his friends and the teacher reminds them through the group. For the problem of boredom, the teacher gave group assignments.
